Baseball Division II

I. GUIDELINES

- A. Bids to host the NCCAA National Baseball Championship shall be submitted to the National Baseball Chair.
- B. Dates of the National Championship for the upcoming years are as follows:
May 9-12, 2007
May 7-10, 2008
- C. All Regional Championships are to be completed by the Saturday evening prior to the National Championship. Regional Championships may be completed earlier if agreed upon by members within each region. Regions may choose whatever format is most expedient for the number of teams participating, but must send a copy of their Regional Championship pairings, along with the Burbridge rating and results, to the National Baseball Chair *one week prior to the start of their Regional Championship (see Section II)*.
- D. The double-elimination format shall be followed for the National Championship. NAIA Championship speed-up rules, as well as the NCCAA mandatory slide rule, shall be enforced for Regional and National Championship play.
- E. Regional Representation
1. The following regions would advance one team automatically to the National Championship as a result of Regional play:

East Region	1 Bid
Mid-East Region	1 Bid
South Region	1 Bid
Mid-West Region	1 Bid
North Central Region	1 Bid
Central	1 Bid
Southwest Region	1 Bid
West Region/At-Large Bid	1 Bid
Host School	1 Bid
At-Large	1 Bid
 2. In the event there is no Regional Championship due to lack of participation, a lone region representative may request consideration for an at-large bid to the National Championship if they have achieved a winning percentage of a least .400 (or better) for the regular season. But, in order for a region to be awarded an automatic bid, there must be a Regional Championship. Any team who chooses not to participate in their Regional Championship is not eligible for at-large consideration.
- F. Selection of At-Large Bids
1. The National Baseball Committee shall consist of the Regional Baseball Chairs and the National Baseball Chair and the Vice-Chair. National Baseball Committee members are responsible for the following:
 - a. Selection of at-large bid(s) to the National Championship.
 - b. Seeding of the 10 teams in the National Championship.
 - c. Settling of all protests that may be lodged at the National Championship during championship play.
 2. Runners-up in regions shall be given priority for consideration of at-large bids.
 3. At-large bids shall only be given to teams who participated in their respective Regional Championship. If a team does not play in its NCCAA Regional Championship due to NAIA/NCAA regional conflict, that team may be considered for an at-large berth if it was declared to participate in its NCCAA Regional Championship and provided that they have submitted their Burbridge rating and results to the National Baseball Chair.
- G. Election of Sport Chair and Vice-Chair
- A National Baseball Chair and a Vice-Chair are elected to serve three-year terms. The Vice-Chair replaces the National Baseball Chair after three years to serve as the National Baseball Chair. Election of a new Vice-Chair shall occur at the site of the National Championship.

H. Championship Administration

To insure proper administration, transportation and expenses to the National Championship shall be paid for the National Baseball Chair by the Host Site. The Vice-Chair's transportation and expenses shall be paid in the event that the National Baseball Chair's team is involved in the National Championship. In the event that both the National Baseball Chair and the Vice-Chair's teams are in the National Championship, an NCCAA head baseball coach of a team not in the National Championship can be designated to act as the Championship Administrator.

I. NCCAA Regional Player of the Year

By one week prior to championship (see Section II), each region shall select one Regional Player of the Year from players nominated at the Regional Championship. Teams may nominate only one player for consideration. Coaches shall determine this award by vote at the Regional Championship. Regional Players of the Year will be automatically selected to the All-American team unless there are more Regional Players of the Year than there are openings at that position. Should that occur, a vote would take place between the Regional Players of the Year for that All-American spot(s). A certificate shall be awarded to the recipient.

J. National Player and Pitcher of the Year

A National Player and Pitcher of the Year shall be selected at the National Championship from the submitted Regional Players of the Year. The All-American Selection Committee shall determine the honorees at the coaches' meeting during the National Championship. Regional Chairs are to notify the National Baseball Chair of their respective Regional Player of the Year prior to the National Championship. A trophy/plaque shall be awarded to the recipients and certificates shall be presented to each recipient and his respective institution.

K. All-American Team

An All-American Team shall be selected annually at the coaches' meeting during the National Championship. Only individuals from institutions who have paid their sport-participation fees and who have been selected to the All-Regional Team shall be considered. The first team shall consist of 15 players: 4 starting pitchers, 2 catchers, 1 first baseman, 1 second baseman, 1 shortstop, 1 third baseman, 1 utility infielder, 3 outfielders, and 1 designated hitter. Anyone who receives votes for All-American shall be considered Honorable Mention. Coaches who wish to have players considered for the All-Regional Team and/or the All-American Team must submit completed DAN Statistics (see [Appendix A](#) and [Appendix B](#)) to their respective Regional Chairs and shall follow the same format as the All-American Team selection. The Regional Chair is then responsible for presenting their All-Regional Team at the coaches' meeting during the National Championship for All-American consideration. A trophy/plaque shall be awarded to each member of the All-American first team and a certificate shall be presented to each recipient and his respective institution. Each Honorable Mention player may be presented a certificate by the host site director in coordination with the National Sport Chair.

L. Scholar-Athlete Team

A Scholar-Athlete Team shall be selected at the coaches' meeting during the National Championship. All candidates shall be submitted to the National Baseball Vice-Chair. Candidates to be considered must meet the following criteria:

1. Player must have attained at least junior academic status.
2. Player must have a minimum cumulative GPA of 3.40, which must be confirmed by the Registrar.
3. DAN Statistics shall be sent directly to the Vice-Chair.

 2. A Regional Coach of the Year is to be selected by a vote of the regional coaches. Criteria to be considered should include the following:
 - a. Christian testimony
 - b. Conduct of the team
 - c. Win/loss record

ADDENDUM A

Official Speed-up and Championship Rules Mandatory for NCCAA Regional and National Championships

- A. Speed-up Rules
1. There shall be a 10-minute warm-up period for each team between games. A National Baseball Committee member shall be charged with timing the warm-up. Home team shall take infield practice first.
 2. Infielders shall be allowed to throw the ball around infield while the pitcher takes five warm-up pitches.
RECOMMENDATION: The pitcher in the game is permitted to use the bullpen between innings to stay loose as long as he does not delay the start of the next half-inning.
 3. Relief pitchers shall be allowed five warm-up pitches when entering a game.
 4. Batter must be on deck when his turn at bat comes around.
 5. On an intentional walk, the batter is waved to first base (no pitches to be thrown).

-
6. ENFORCE the 20-second rule: The pitcher shall deliver the ball or make a play, or an attempted play, within 20 seconds after receiving the ball.
 7. Umpire shall insist that both the pitcher and batter be ready in a reasonable time. If not, they shall be penalized. If the batter delays, the umpire shall instruct the pitcher to pitch and shall call “strike” on each such pitch. If the pitcher delays, a “ball” shall be called under normal pitching rules.
 8. The Ten-Run Rule shall be in effect at the end of five innings or any inning thereafter. This is applicable only to the first complete round of play, including the loser’s bracket games in the Regional Championships and to the first two rounds of play (game numbers 1-8) in the National Championship.
 9. All batters/runners are required to wear a double earflap helmet. The same helmet, worn while batting, shall be worn on the basepaths.
 10. It is mandatory that teams use a courtesy runner for the pitcher or catcher with two men out in all championship games. With less than two outs, this rule is optional. NOTE: A team may not use the same runner for the pitcher and catcher in the same inning. If the pitcher is also designated hitter for the game, a courtesy runner is allowed. A player removed from the line-up may not be used as a courtesy runner.
 11. A pitcher is permitted to go to his mouth on the dirt portion of the mound as long as he is not on the rubber and that he wipes off before going to the rubber.

B. Regional and National Championship Rules

1. All Regional and National Championships shall be double elimination championships.
 - a. Any other type of championship, other than double elimination, which may be caused by weather, playing conditions, etc., shall be determined by the Regional Chair (for Regional Championship) and/or by the National Baseball Committee, in consultation with the Director of Member Relations, for the National Championship.
 - b. Regions, which determine a champion without conducting a Regional Championship event, must certify that the regional representative complies with all NCCAA championship policies.
2. The two head coaches for each game shall agree on who will call heads or tails on the coin toss. The coach who wins the toss shall choose to be home or visiting team and jersey color, light or dark. The loser of the coin toss shall choose first or third base dugout and shall wear the contrasting jersey color. If both coaches cannot agree on uniform color, then the Home Team shall wear light or white, and the Visiting Team shall wear dark uniforms. **Example:** If Team A wins the toss and chooses to be the Home Team, then Team B would get its choice of dugouts for the game. If Team A chooses to take a specific dugout, then Team B would get its choice of being the Home Team or Visiting Team and choice of light or dark jersey.
3. The designated hitter rule is in effect for all championship games. It is permissible for the pitcher to remain as the designated hitter after he is removed as pitcher providing he was listed as the designated hitter prior to the start of the game.
 - a. A hitter may be designated to bat for the starting pitcher and all subsequent pitchers in any game without otherwise affecting the status of the pitcher(s) in the game. A designated hitter for the pitcher must be selected prior to the game and must be included in the line-up card presented to the Umpire-In-Chief. The starting pitcher may be designated prior to the start of the game as the designated hitter and, in this case, it is only permissible for the pitcher to remain as the designated hitter after he is removed as the pitcher. It is not mandatory that a team designates a hitter for the pitcher, but failure to do so prior to the game precludes the use of a designated hitter for that game.
 - b. Pinch hitters for a designated hitter may be used. Any substitute hitter for a designated hitter becomes the designated hitter. A replaced designated hitter shall not re-enter the game in any capacity.
 - c. The designated hitter may be used defensively, continuing to bat in the same position in the batting order, but the pitcher must then bat in the place of the substituted defensive player, unless more than one substitution is made. The manager (coach) then must designate their spots in the batting order.
 - d. A runner may be substituted for the designated hitter and the runner assumes the role of designated hitter.
 - e. A designated hitter is “locked” into the batting order. No multiple substitutions may be made that will alter the batting rotation of the designated hitter.
 - f. Once the game pitcher is switched from the mound to another defensive position, this move shall terminate the designated hitter role for the remainder of the game.
 - g. Once the game pitcher bats for the designated hitter, this move shall terminate the designated hitter role for the remainder of the game.
4. Any of the starting players, with the exception of the pitcher and the designated hitter, may withdraw from the game and re-enter once, provided such players occupy the same batting position whenever they re-enter the line-up.
5. The aluminum bat is approved for all championship games.

-
6. The official traveling party (for expense purposes) is not to exceed 30. All teams with more than 30 in their party shall have their institution assume financial responsibility for every person over the official 30-person traveling limit. Only coaches, players, manager and trainer shall be permitted in the dugout.
 7. No one is permitted on the playing field unless in proper uniform.
 8. Coaches and assistant coaches (or players) are allowed to occupy the coaching boxes at first and third base provided they are properly uniformed.
 9. There shall be no tobacco use of any form in the dugout or on the playing field by managers, coaches, players, umpires, honorary coaches or any other personnel associated with the championship.
 10. The National Baseball Committee is given the authority to suspend, for the next game, a player or coach who is removed from a championship game for improper behavior.
 11. The National Baseball Committee shall decide upon championship protests before the next pitch is thrown. All protests must be made to the Umpire-in-Chief before the next pitch is thrown.
 12. Any game that is suspended (including tie games) shall be continued from the point of suspension at a time designated by the National Baseball Committee. All games shall be seven innings except those affected by the 10-run rule.
 13. Rules governing the final game of each championship (regional or national) shall be decided by the Regional Baseball Chair (for the Regional Baseball Championship) and by the National Baseball Committee, in consultation with the NCCAA liaison (for the National Championship) before the game is played.
 - a. If a game is interrupted after five innings and cannot be completed before the completion deadline established for Regional and National Championships, it shall be considered a regulation game.
 - b. If a rain date has been established for the championship, then the rain date becomes the official completion date for the said championship.
 14. Once a team has committed (Declaration of Intent to Participate) to the Regional Championship, it must agree to continue through the National Championship, if it so qualifies.
 15. The NCCAA's designated baseball season is spring and **ONLY GAMES AGAINST A FOUR YEAR DEGREE-GRANTING INSTITUTION SHALL COUNT ON A TEAM'S RECORD** (winning percentage, ties do count) **AND SEASON STATISTICS**.
 16. Teams are responsible for their own accident insurance. Neither the NCCAA nor the championship host/sponsor is responsible for hospital or doctor bills.
 17. The **OFFICIAL BASEBALL RULES** (professional) shall govern play, except as cited in Section A (Speed-up Rules).
 18. NAIA Mandatory Slide Rule shall be in effect.
 19. Throwing helmets or bats is not acceptable as appropriate Christian conduct. One warning per team may be given per contest. Any subsequent violation shall result in the ejection of the offender. A member of the National Baseball Committee or an umpire has the authority to give this warning, and the head coach shall be notified of this warning.
