

Men's Basketball

Division II

Men's Basketball Division II

I. GENERAL ADMINISTRATION OF THE NATIONAL CHAMPIONSHIP

A. Historical Perspective

The first Division II National Championship was held in 1976 and was moderately successful, as was the second championship in 1977. After the 1977 championship, it was realized that there were two realities that must be dealt with to have a strong possibility of economic success: (1) A participating team that had local identification along with a National Championship site, and (2) the most economical but realistic representation of other participating institutions. In 1981, the participating institutions realized that shrinking athletic budgets and rising costs might necessitate gathering outside sponsorship to relieve the financial burdens. Such inquiries were made.

B. Administration

The National Basketball Committee shall be officially determined by October 15 of each year. The National Basketball Committee shall consist of Regional Basketball Chairs, the National Division II Basketball Chair and the National Division II Basketball Vice-Chair.

C. Team Information

1. Size and Date of Championship

- a. The NCCAA Men's Division II National Championship shall be a twelve-team championship. The championship shall involve the eight regional champions, plus the host team and three at-large teams. Seeding of the 12 teams shall be done by the National Basketball Committee following the seeding guidelines in the Handbook. The National Championship host team shall receive a Top-4 seed if they are Regional Champions.

1) At-Large Teams shall be selected as follows:

- a. No more than one team from a region. The host team is an automatic selection and not considered as the at-large bid from their region.
- b. No lower than fifth seed in the region.
- c. If the #1 seed loses then they are the at-large. If #1 seed wins the regional tournament, then the #2 or #3 seeds shall be selected if they are runner-up.
- d. If the #1 seed wins and the #4 seed or lower is runner up, then the #2 seed shall be selected as the at-large team.
- e. If teams in the same region are matched in the first round, then the lower seed shall switch spots with the next lower seed. If the team is seeded #12, then the #5 and #6 seeded teams shall switch spots.
- f. If the qualifying at-large bid of a particular region declines to submit a bid, then the next highest seed shall receive the at-large bid opportunity.

- 2) There shall be three votes. The first shall determine the top-4 seeds from the eight Region Champions, the second shall determine who the at-large teams are, and the third shall seed the 4 remaining Region Champions (not top-4 seeds) with the at-large teams in the # 5 - # 12 seeded positions.

- b. Date: The National Championship shall begin on Tuesday, ten days after the Regional Championships have been completed.

Future Championship Dates:

March 6-10, 2012

March 11-15, 2014

March 8-12, 2016

March 5-9, 2013

The respective Regional Chairs shall be notified in the same manner. The institution shall be given until February 14 to send the roster and photograph to the Championship Host. On February 15, the Championship Host shall contact the National Basketball Chair with the names of those institutions who still have not complied. Wednesday: The national statistics report shall be sent out by 5:00 p.m.

Game results shall indicate whether the game was played at home, away or at a neutral site. Also, any basketball affiliation of the opponents shall be noted. **Weekly statistics must be reported to the NCCAA National Statistician (stats@thenccaa.org). The penalty for not reporting statistics or for being late: 1st offense=warning; 2nd offense=\$100 fine paid before regional playoffs; 3rd offense=team is not allowed post season play.** Each Regional Chair, the National Championship Host and the National Statistician must contact the National Basketball Chair by February 15, notifying him of the institutions not in compliance. The National Basketball Chair shall notify the institution's President and Athletics Director of its ineligibility.
5. **Squad Size:** Participating teams may play all players certified to be eligible. **NOTE:** Once the roster is submitted to the Championship Director, this becomes the official roster for the championship.
6. **Transportation:** Transportation to the championship site is to be offset with revenue from the regional playoffs (see the Regional Playoff Handbook). No other money is guaranteed the traveling teams. If the national gate is sufficient to meet all championship obligations, then the excess must be used to offset travel expenses. Travel reimbursement shall be distributed on a prorated basis, as determined by the National Basketball Committee. No team shall receive more than its actual expenses.
7. **Practice:** Practice for participating teams shall be arranged through the National Championship Director.
8. **All National Championship participating teams shall send out a recent DVD copy of a game of the first round opponent's choice via priority overnight mail. REGIONAL BASKETBALL PLAYOFF HANDBOOK **NCCAA Division II**

A Handbook of Policies and Procedures for Governing and Conducting
NCCAA Division II Regional Playoff Contests.

I. BACKGROUND AND PURPOSE

The heart of Division II basketball is the regional playoff. All member institutions in good standing are eligible, and all are encouraged to participate. A championship for NCCAA Division II member institutions was authorized in March of 1975. The first National Championship was held at Baptist Bible College (PA) in March of 1976 and won by Summit Christian College (Ft. Wayne, IN) in a thrilling 81-80 victory over the host institution. The 1977 champion was Western Baptist Bible College (Salem, OR). Again, Baptist Bible College (PA) was the national runner-up. The site for this championship was moved from Pennsylvania to Missouri and Baptist Bible College of Springfield, Missouri became the official Division II host. The championship has been held in Oklahoma City, Oklahoma in recent years.

The purpose of this handbook is to provide a uniform operating code for all Division II teams who play on the regional level. Regional games supply a large portion of the Division II playoff budget and enable institutions with less financial resources opportunity to compete on a national level. The Division II National Basketball Committee and the NCCAA Board of Directors request the cooperation of all Division II institutions in the use of this handbook.

II. GENERAL ORGANIZATION

All regional playoffs are under the direct control and supervision of the respective NCCAA Division II Regional Basketball Chairs. The Regional Basketball Chair shall run the region with either (1) the Regional Basketball Chair and two appointed members, or (2) all the coaches in the region. The Regional Basketball Chair shall be sensitive to the desires of the region when appointing members to the committee.

- A. The Regional Basketball Chair's responsibilities are:
 - 1. Insure that the playoff competition is conducted in a fair, ethical and professional manner.
 - 2. Approve the regional playoff plan, including:
 - a. Dates of playoffs.
 - b. Type of playoffs, including number of teams and bracketing format.
 - c. Method of team selection.
 - d. Method of site selection.
 - e. Obtaining a list of approved officials from each participating institution.
 - f. Obtaining a list of approved sites.
 - 3. Establish and enforce financial policies for the playoffs within the national guidelines.
 - 4. Serve as the communication link between the National Basketball Chair and the individual institutions as it pertains to the general operation and requirements of a Division II basketball program.
- B. By November 1, Regional Basketball Chairs must notify the National Basketball Chair of regional championship format, dates, site and other pertinent information.
- C. If no report is received from a region by the November 1 deadline, the National Basketball Chair shall contact the region to investigate. If the second deadline is not met, the region shall lose an automatic bid. An at-large bid shall be created to be filled by the National Championship Selection Committee.

III. SELECTION OF PARTICIPATING TEAMS

- A. The Regional Basketball Chair, or regional coaches, are responsible for administering the regional playoff and must maintain a close contact with the participating institutions. The team selection policy shall fairly represent the interests and desires of the participating institutions.
- B. Following are possible playoff alternatives (host teams must meet the site criteria):
 - 1. An All-Regional Championship at highest seeded team's gymnasium
 - 2. Teams to play each other based on final regional ranking (#1 vs. #8, #2 vs. #7, #3 vs. #6, and #4 vs. #5).
 - 3. An All-Regional Championship is played at a predetermined site as agreed upon by the regional members (see [Appendix E](#)), with pairings based on final regional ranking.

4. Multi-site competition based on regional final standing (#8 travels to #1, #7 travels to #2, #6 travels to #3, and #5 travels to #4). If #1, #2, #3 and #4 win, then #4 travels to #1 and #3 travels to #2. The highest seeded winner shall then host the final game for the Regional Championship.
5. Same as Item 4. above, but sites to be determined by geographical location within the region, such as South Region, East Region, Central Region, etc. with the highest seeded team hosting each pairing.
6. The top four teams meet at a single site for a championship. Pairings shall be by regional ranking.
7. The top two teams play the best two out of three. Alternate site: highest seed, site for games one and three and second seed for game two.
8. If a region is made up of the same teams that form a conference, then a Conference Championship may be run to determine the champion.
9. Regions with only three member schools may choose to use regular season round-robin results to determine the Region Champion that will represent them at the National Championship. This does **not** apply to regions that have four or more member schools.

IV. SELECTION OF GAME SITE

- A. All games are to be played on courts that meet the following specifications:
 1. Dimensions must range from 84' x 50" (minimum) to 94' x 50" (maximum). The larger is preferred.
 2. Rectangular plexiglass backboards.
 3. Acceptable playing surface and court safety.
 4. Adequate seating. **NOTE:** See Administrative Procedures, Item F.
- B. A team without such a facility may rent one when it qualifies to host a regional game. The Regional Basketball Committee shall determine if the site is acceptable for championship games and if the games can be appropriately administered by the National Basketball Committee.
- C. The Division II Regional Basketball Chair and the Regional Basketball Committee, or body of coaches, shall be responsible to decide on the acceptability of sites by November 15. Sites not meeting the aforementioned criteria may not be approved.

V. ADMINISTRATIVE PROCEDURES

- A. It is mandatory that all championship games be conducted in accordance with the NCCAA Regional and National Guidelines and Bylaws.
- B. Game officials shall be approved by the regional body of coaches.
- C. The NCCAA provides a standard banner for all regional basketball team champions. This shall be paid for by the respective region. This award shall be ordered in advance by the Regional Chair from the NCCAA National Office and shipped directly to that Regional Chair to be distributed at the annual regional meeting.
- D. Complimentary tickets: Each participating institution is allotted six complimentary tickets. These tickets shall be delivered to the institution's president to be used at his/her discretion. Regular season official game personnel shall be admitted without cost. This includes coaches, players, managers, statisticians and cheerleaders. Coaches and Athletics Directors are encouraged to monitor this procedure to prevent abuse.
- E. The minimum ticket price structure shall be as follows:

Adults (General Admission)	\$3.00
Students (with ID cards)	\$2.00
High School Students	\$2.00
Children (under 12 years)	\$1.00

NOTE: If a championship format is used, the region may seek full session championship tickets. Reserved tickets may be sold at a higher rate.
- F. Each visiting team is guaranteed a minimum of 200 tickets for each game/session in which its team competes. If tickets are sent to visiting teams for pre-sale, unsold tickets should be delivered to the game site at least two hours before game time.

-
- G. Expense allowance: In regional championships, all teams shall assume all of their own expenses, including travel, meals, housing, officials and gymnasium rentals. This shall allow the regional representative to the National Championship greater financial assistance. All extra finances shall be given to the regional winner as part of its money for the National Championship.
- H. Each host institution shall complete a playoff financial report (see [Appendix F](#)) and file the report with the NCCAA Division II National Championship Director prior to the NCCAA Division II National Championship. In compiling the report, income involves the following items: ticket sales, program sales, advertising, radio rights and any other income derived from the operation of the playoffs, except concessions and parking.

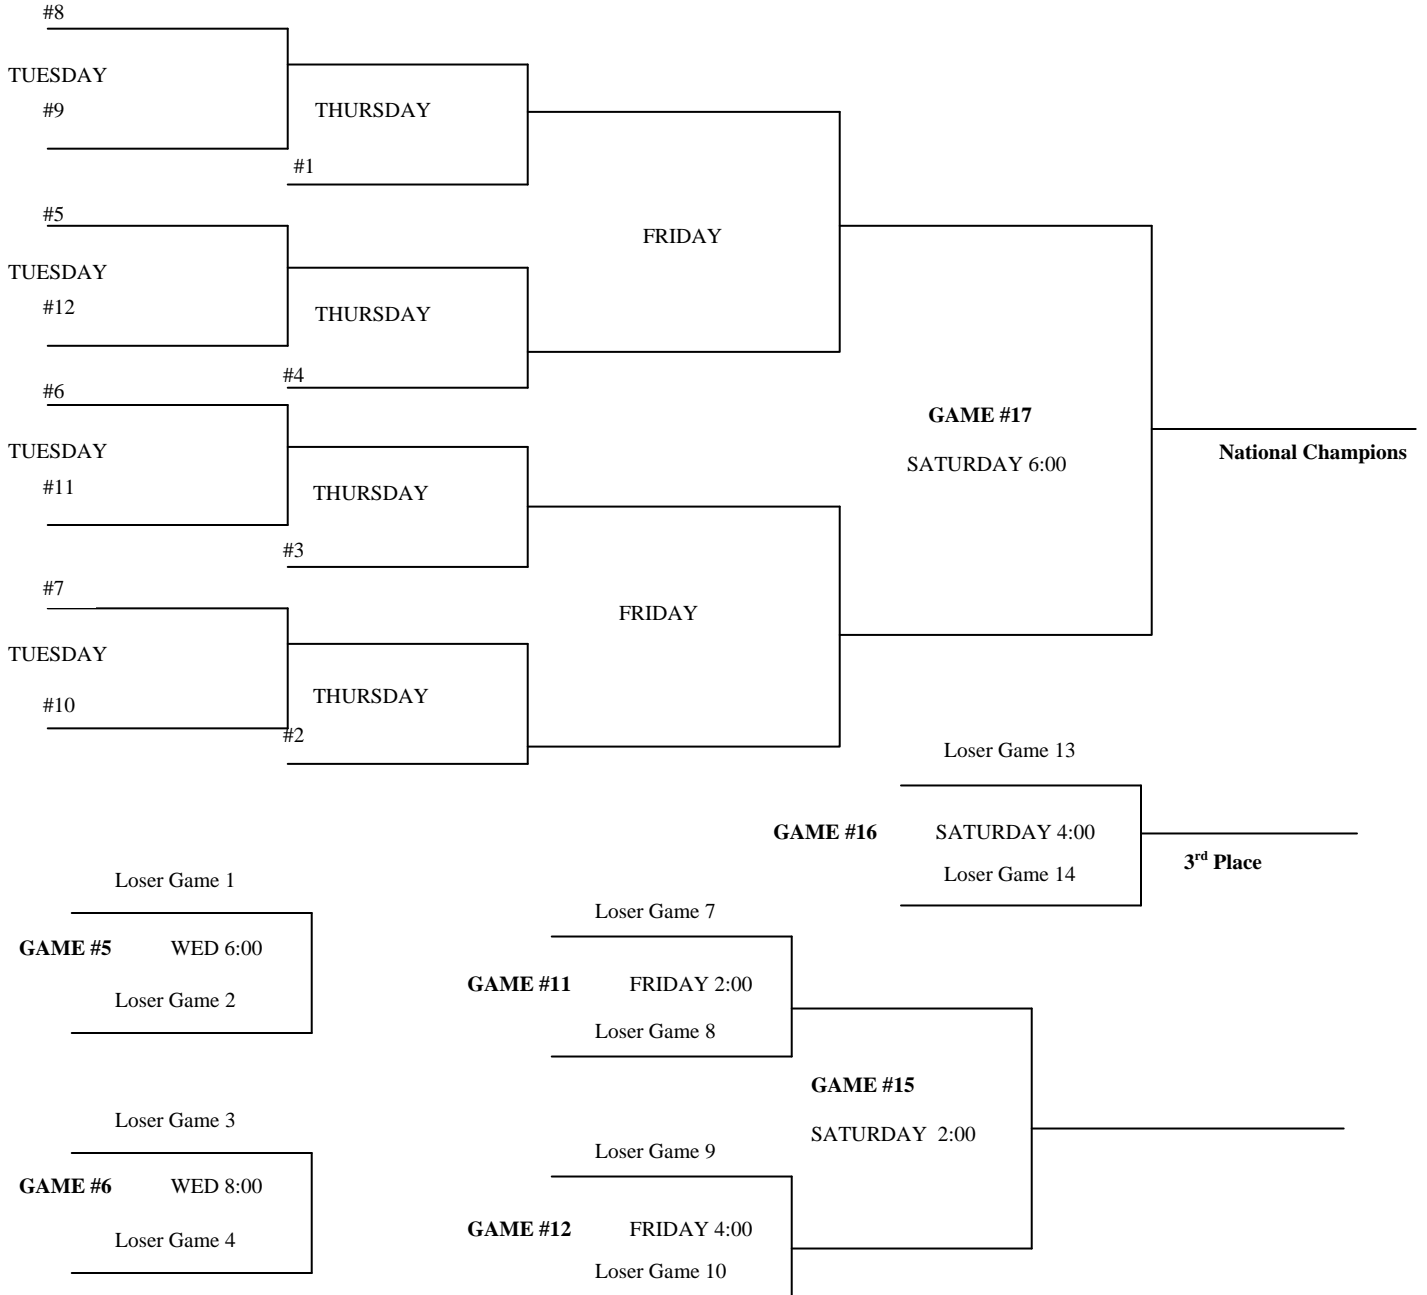

The same criteria for the Regional Championships shall be used for the sub-national playoff. Any regional revenue of the losing sub-national team shall be turned over to the winning team to assist with national expenses, minus money used in meeting sub-national expenses.

- I. Should income from an individual regional playoff be in excess of the authorized expenses incurred by that region's team champion at the National Championship, this amount shall be prorated back to the respective region to assist the participants of that regional playoff with allowable expenses they chose to forego during the second and subsequent games.
- J. The ball used during the Regional Championship shall be the same as the ball used at the National Championship.
